

Overview

Sliding door locks come with two bars, one for wood and one for glass doors. Locks have a common keyway that can be rekeyed to match many popular disc tumbler keys.

- Sizes: Two (2) Bars Included: $\frac{3}{4}$ " thick Wood or $\frac{1}{4}$ " thick Glass
- Dimensions: Rachets are $4\frac{5}{16}$ " long. Glass rachets are for $\frac{1}{4}$ " thick doors. Wood rachets are adjustable up to $\frac{3}{4}$ " thickness.
- Keying: Available keyed-alike and keyed different-ly. Uses CompX Fort 54G or Ilco 1054G key blank. Compatible with select key blanks manufactured by CCL, ESP, Hudson, Ilco and CompX National
